POLAND EXCEPTION TO REIGN OF ORDER.
Warsaw and Cracow Now Give Government Authorities Most Concern.
Number of Proposals Looking Toward Establishment of Senate Upon Basis of Closer Connection With the Throne Receives Consideration of Committee of Ministers Sitting at St. Petersburg—Gorky Released.
[BY THE ASSOCIATED PRESS—P.M.]
WARSAW, Feb. 2.—[By Atlantic Cable.] Owing to elaborate precautions, the disturbances that were anticipated here today did not occur. The authorities claim that the strike is practically ended. The smaller factories will reopen tomorrow and the larger ones Monday. The bakers and printers have definitely decided to resume work tomorrow. The streets are still in the hands of the militia. The shops have not yet reopened and the city is quiet and almost deserted. There are rumors of disturbances in the suburbs, which it is impossible to verify because the military authorities have seized the telephone service. The pupils of many public and private schools met today and decided to demand the introduction of the Polish language or otherwise they will not return to school. This is significant as indicating the introduction of the nationalist movement into the economic agitation.
STRIKERS LACK MONEY.
[BY THE ASSOCIATED PRESS—P.M.]
LONDON, Feb. 2.—The correspondent of the strike is falling through lack of money behind the organizers. For days before the demonstration reached its climax, bodies of the worst of malcontents concentrated in Warsaw and the lethargy of the police gave the appearance that the authorities were encouraging gatherings for the purpose of utilizing drastic measures of suppression.
Wholehearted support of the police of Warsaw is reported by the correspondent in that city of the Daily Mail, who asserts that citizens are stopped in the streets at night and arrested unless they give the officers money. It is also charged that the police have been brutally whipping prisoners and then liberating them on the payment of \$5 to the police sergeant.
The correspondent adds that the conditions of the prisoners in Warsaw are scandalous, the prisoners being herded in small cells devoid of all sanitary appliances.
STRIKE AT BOSNOVICE.
[BY THE ASSOCIATED PRESS—P.M.]
ST. PETERSBURG, Feb. 2.—A strike began today in the Sosnovice district. The strikers are parading the streets, but the police have been tactful and public order has not been disturbed.
The composers' strike at Samara has ended, the employers conceding an increase of pay and a reduction of hours.
WHERE IS GORKY?
DOUBT AS TO HIS RELEASE.
[BY THE ASSOCIATED PRESS—P.M.]
ST. PETERSBURG, Feb. 2.—[By Atlantic Cable.] The report of Maxim Gorky's release apparently is either incorrect or, if true, he was released on the promise to leave St. Petersburg without the slightest delay. He had not returned home up to a late hour last night. The friend with whom he was and who was present at his release yesterday afternoon for the first time since his arrest, told the Associated Press that he found the author still in solitary confinement in the St. Peter and St. Paul Fortress.
The novelist, whose real name is not Maxim Gorky, which is a pseudonym meaning "Maxim the bitter," but Alexis Fyodorovich, did not expect release for some time and did not know whether he would be brought before the court for trial or deported by administrative order.
He philosophically proposed to devote his period of imprisonment to learning the English language and remedying other deficiencies in the peasant education. He begged his friends to procure text books of English and German natural sciences, etc. At present, he speaks only Russian.
Prince Sviatopolk-Mirsky has been granted leave to go abroad for eleven months.
Emperor Nicholas has signed the appointment of Muraviev, Minister of Justice, to be Ambassador of Russia at Rome. Manukhin, hitherto assistant to Minister Muraviev, has been promoted to Minister of Justice.
Boulgan's appointment as Minister of the Interior was signed yesterday, although it has not yet been promulgated. It is believed his appointment will be only temporary.
Swereff, chief Russian press censor, has been removed from his post.
CESSATION OF TROUBLE.
AMERICAN CONSUL'S REPORT.
[BY THE ASSOCIATED PRESS—P.M.]
ST. PETERSBURG, Feb. 2.—The latest reports received by Consul-General Wade from the American Consulate in Russia indicate a cessation of the trouble in most of the industrial centers of the country.
The Consul at Riga reports that the rioting at that place was precipitated by students and rowdies, who fired on the police. The police and troops returned the fire and fifty-three persons were killed and 150 wounded.
At Raval, the soldiers were obliged to defend a factory on Saturday against a mob. Three rioters were killed and several others were wounded.
LIBAU QUIET AGAIN.
[BY THE ASSOCIATED PRESS—P.M.]
LIBAU, Feb. 2.—The port laborers here have practically resumed work. The town is quiet and the newspapers are reappearing.
CONTINUOUS IN STATE OF SIEGE.
WARSAW SITUATION CRITICAL.
[BY THE ASSOCIATED PRESS—P.M.]
WARSAW, Feb. 2, 12:45 p.m.—The morning passed quietly. The factory districts are strongly guarded by troops. Warsaw continues in a state of siege.
All the bodies of those killed in the riots have been removed from their homes to police stations. The relatives are not permitted to bury them. From the police station in the Novi Sviat district, alone the corpses of fifty men and two women were taken Monday night in four hospital vans to the Jewish, Lutheran and Catholic cemeteries and will remain there until they can be buried.
MOMOTOMBO AWAKES.
Throws Out Flaming Tongue and Vomits Fire and Smoke—Nicaraguan Hamlets Shaken and Loss of Life is Supposed Great.
[BY DIRECT WIRE TO THE TIMES.]
SAN FRANCISCO, Feb. 2.—[Exclusive Dispatch.] Awakening from a sleep of fifteen years, the great volcano of Momotombo, on the northwestern shore of Lake Managua, in Nicaragua, suddenly burst into tremendous fury January 16. The first news of the event came today by the steamer City of Sydney, which was in the port of Corinto, Nicaragua, at the time. From the decks, the volcano and its appalling display of pent-up fire and smoke were plainly visible. It is believed that great destruction of property and the loss of many lives among the natives around the base of the volcano has taken place. Momotombo is thirty miles in the interior from Corinto, and is a conical peak, 4000 feet high, somewhat resembling Fujiyama of Japan, but not snow-capped. For the past year, smoke has been issuing from the peak, but the planters, reluctant to abandon their rich ranches, maintained their

main there for identification until Tuesday. Twenty-one bodies are still unidentified.
During the riots of Sunday and Monday the workmen's residence district was unprotected by police and the hooligans seized the opportunity to plunder many dwellings. A large body of workmen yesterday went to a suburb where criminals abound and instituted a rigorous search of their houses. Wherever they were able to identify stolen property the workmen promptly killed the persons who had it in their possession. About a hundred criminals were injured in fighting with the workmen. The latter were not only actuated by revenge for their losses, but were enraged because the hooligan element brought discredit upon the strike movement.
The local newspapers resume publication tomorrow. The editors met this morning and unanimously agreed that, as the censor would not permit them to tell the truth regarding the disturbances, they would absolutely refrain from mentioning the subject except in the official reports which they are compelled to publish.
NO STREET GATHERINGS.
In pursuance of the Governor-General's proclamation of a state of siege, orders have been issued prohibiting assemblies in the streets or meetings in private houses, and directing the police and military to disperse all street gatherings. Anyone found in possession of weapons and selling arms without permission is liable to punishment. In the event of disturbances, balconies and windows adjacent to the scene of the disorders must be vacated and closed. The occupants of houses will be held responsible should stones or missiles be thrown, herefrom, as well as those actually guilty of throwing them. All violations will be punished by fines or imprisonment. These orders will be enforced in the cities of Warsaw and Lodz and throughout the governments of Warsaw and Petrokow.
A telegram from Czesochowa, Russian Poland, says all the factories there are closed and serious disturbances are reported. The Socialists are very strong there.
The Warsaw-Vienna railroad shops are closed.
At Pruszkow, this morning, 1200 men struck.
All the factories are closed at Kalisz.
The strike at Lodz continues without disorder.
A denatation of strikers has requested the authorities to close all the liquor stores, as otherwise the workmen would not be responsible if disturbances occurred. The workmen themselves are watching the liquor stores to prevent drunkenness.
POISON FOR MRS. ROGERS
Prison Guard Offered \$500 If He Would Carry Package to Vermont Woman Awaiting Execution.
[BY THE ASSOCIATED PRESS—P.M.]
WINDSOR (Vt.) Feb. 2.—Five hundred dollars was offered to Harold Harpin, a guard in the State prison, if he would carry a package of poison to Mrs. Mary Rogers, convicted of the murder of her husband. The offer was made in an anonymous letter from Boston, containing \$250 in bills, which Harpin received recently. The writer offered to send the other \$250 as soon as the poison was delivered to Mrs. Rogers.
The guard turned the letter over to Superintendent Oaks, who showed it to Gov. Bell. Postal authorities have been asked to investigate.
PRINCE EITEL'S CONDITION.
POTSDAM, Feb. 2.—A bulletin issued this morning states that the general condition of Prince Eitel Friedrich is good. The highest temperature since yesterday's bulletin was 96, and today's 94.
PHONOGRAPHS BETRAYED EM.
Pennsylvania Railroaders Confess Robbery of Freight Cars.
[BY DIRECT WIRE TO THE TIMES.]
NEW YORK, Feb. 2.—[Exclusive Dispatch.] William Smith, an inspector for the Pennsylvania Railroad, and a respected resident of Jersey City, experienced religion at a Methodist revival meeting this week. The service was held at his home, and while at the "anxious seat," Smith confessed that he, with six other employes, had for months been systematically robbing Pennsylvania freight cars.
Among the articles stolen were a number of phonographs, which were recovered. The men had talked in some of these, regardless of consequences, and when set running by detectives, the phonographs gave startling evidence which will be used at the trials. W. J. Parks, clerk and accomplice, also experienced religion and followed Smith's example.

Commissioner Jones Wrote That Tribesmen Had Filed a Petition.
[BY THE ASSOCIATED PRESS—A.M.]
NEW YORK, Feb. 2.—The Evening Post today prints a statement from the Right Rev. William H. Hare, Protestant Episcopal missionary bishop of South Dakota, in which he charges that the law prohibiting government aid to sectarian Indian schools has been evaded and that money has been paid out to the Catholic mission schools. Bishop Hare's statement is dated Sioux Falls, S. D. He describes the pecuniary embarrassment and anxiety on the part of the schools following the abolition of the contract system of government aid, and recites his unsuccessful efforts to secure some measure of relief from his rigid application. "Imagine my surprise, therefore," he says, "on discovering last September, that the executive officers who had declared this to be the policy of the government and had administered the policy with inexcusable suddenness and severity, had been making large contracts for the conduct of mission boarding schools.
"On the spur of the moment, it seemed to me that I might ease my pecuniary burdens by securing some contract for my mission boarding schools, and I wrote to the Hon. W. A. Jones, Commissioner of Indian Affairs, asking for information. He replied:
"These contracts were entered into pursuant to a petition filed in the House by the Indians of the several reservations, the expense to be paid out of trust funds now in their custody in the treasury of the United States."
The bishop says he discovered that these contracts numbered in all nine, and that eight had been made with one denomination and that of the total amount of the contracts, \$108,730, all but \$4330 was for the benefit of one denomination.
Bishop Hare appends a list of contracts made by the United States Indian Office with various sectarian organizations for education of Indian children for the fiscal year ending June 30 next. These are as follows:
"St. Joseph's School, Roman Catholic, total for year, \$18,960.
"St. Louis's School, Roman Catholic, \$6375.
"St. John's School, Roman Catholic, \$5125.
"Immaculate Conception School, Roman Catholic, \$7020.
"Holy Rosary School, Roman Catholic, \$27,600.
"St. Francis School, Roman Catholic, \$7,600.
"St. Labre's School, Roman Catholic, \$6490.
"St. Mary's School, Roman Catholic, \$500.
"Post Boarding School, Lutheran, \$4330.
"Total, \$102,730."
ARTIST AND JANITOR.
Chicago Municipal Art League Awards a Prize to William A. Harper, Colored.
[BY DIRECT WIRE TO THE TIMES.]
CHICAGO, Feb. 2.—[Exclusive Dispatch.] By awarding a prize to William A. Harper, a negro and janitor of the Art Institute, the Chicago Municipal Art League has put itself on record against class and color distinctions when it comes to distributing honors for excellent work with the brush. Harper is a landscape artist, nine of whose pictures hang in the institute. Among them are "The Potato Field," "Cornwall, England," "Oily Day," and "Quiet Morning."
Several years ago, Harper was appointed janitor at the institute. When he was not scrubbing floors and washing windows he was studying pictures and drawing. He saved money, became a student, received a diploma in 1900, went abroad and devoted every spare minute to his canvas. He is a night watchman now from 2 o'clock till 7 in the morning. He paints all day, goes to sleep at 6 o'clock in the evening, and rises for work at 2 in the morning.
"I think I can do my best work abroad," he said. "There the color of one's skin is never under any circumstances taken into consideration."

WHILE CAR GOES CRASHING
DOWN THE GRADE.

Heroic Act of Motorman—Morning
Collision on Local Trolley Line at
First and Olive Streets Attributed
to Negligence of Company in the
Matter of Sanding Tracks.

Slipping, sliding and careening over
wet rails with air brakes firmly set
and Motorman Baker vainly trying to
work the emergency track brake, Car
No. 123 of the West First street line
filled with passengers, tobogganed
down the steep hill on First street
between Grand avenue and Olive street
at 8:45 o'clock yesterday morning,
jumped the track at the sharp curve
near Hotel Cecil and crashed into Car

track on one of the most dangerous
grades in the city is said to have
been responsible for the accident. With
a misty rain still falling and coming on
on the rails the only remarkable thing
about the mishap is that it was not
duplicated by other cars descending
the steep hill.

Car No. 123 was eastbound in charge
of Conductor Carpenter and Motorman
Baker. When it passed over the crest
of the hill near Bunker Hill avenue
on the journey downtown, the motorman
realized that it was beginning to
get from under control and though
he applied the air and tried to work
the emergency brakes, the car gradually
gained speed and sped down the
hill at a dangerous rate.

Just around the sharp curve on Olive
street Car No. 116 was waiting
according to the rules of the line. When
the eastbound car struck the curve it
jumped the track and the collision
followed. Motorman Baker with
screams of frightened passengers ring-
ing in his ears, refused to desert his
post, and bravely stood by until his
car came to a standstill. Flying
splinters and pieces of glass showered
over him, but he was uninjured.
The westbound car was in charge of

smashed the very seat on which I sat.
"In my opinion the accident was due
to gross negligence on the part of the
company in not sanding the tracks.
The morning was an especially bad one
and the tracks were wet and covered
with oily mud and water. I made a
careful examination afterward and
failed to find the least evidence of an
attempt to sprinkle sand."
The accident of yesterday morning
is the third that has occurred at
Olive and First streets in the past
year. Luckily in each instance nobody
was seriously hurt.

When Two Cars Had A Sudden Meeting at First and Olive Streets.

No. 116, which was waiting on Olive
street to take the curve up the hill.
Five people were injured in the ac-
cident, but almost miraculously it
would seem, none was seriously hurt.

The injured are:
H. KLAAS, foreman Los Angeles
Railway Company, No. 1490 West First
street; cut about face and mouth.

C. T. JOHNSON, iron worker, No. 1571
West First street; pinned between
cars, foot hurt.

F. H. HORN, State Organizer Ancient
Order of Pyramids; wrist sprained,
shocked.

MRS. ALICE CARHART, Santa
Monica; cut on head by falling glass.

A. J. BARNES, contractor, No. 385
South Hope street; bruised.

When a collision or a catastrophe
was seen to be inevitable as the skid-
ding car sped wildly down the grade
many passengers rushed toward the
rear end, while others jumped. The
sudden emptying of the front end,
alone prevented loss of life or serious
injury.

CAUSE OF THE ACCIDENT.
Negligence on the part of the com-
pany in failing to properly sand the

Conductor James Gallagher and Mo-
torman George Weber, one of the old-
est men on the line. Only one pas-
senger A. J. Barnes was on this car.
Barnes was bruised in jumping, but
his injuries are trivial. Both train-
men escaped. The injured people were
sent to the Receiving Hospital or taken
into the Hotel Cecil, but all were able
to care for themselves in a very short
time. The wreck was cleared away in
two hours' time.

BARNES'S ACCOUNT.

A. J. Barnes was sitting on the
westbound car on a front seat and
had a clear view of the wild car ap-
proaching. His account of the ac-
cident though different from that of
trainmen and others, is clear cut and
decisive.

"I was sitting just behind the motor-
man on the left-hand side of the car,"
he said, "and plainly saw the other car
approaching at what I considered a
dangerous rate of speed, but at the
moment I did not realize that the car
was beyond control. When I did
realize it I had only a moment to get
up and jump from the off side. The
next instant the runaway car had

THE CITY IN BRIEF.

NEWS AND BUSINESS.

Philippine Veterans.

The California Society, Army of the Philippines, will meet tonight at 8 o'clock in room 213, Grant building.

Work of a Sneak Thief.

While Mrs. Leroy Holt of No. 1602 South Union avenue was in the yard in the rear of her house yesterday afternoon, a thief entered the front door and stole \$25 from a purse which had been left in dresser drawer. No one saw the thief.

Burton Holmes.

This afternoon and tonight Burton Holmes will give two travelogues at Blanchard Hall on the same subject—"Russia." Mr. Holmes has made three journeys the entire length of this colossal monarchy, and his pictures convey an idea of the social life and military pageantry of the great nation.

Buys on First Street.

Flora Heffer has purchased of John Frohman, through R. A. Brown & Co. and W. B. Merwin, 1042 1/2 feet, with nominal improvements, on the north side of First street, about 230 feet east of Alameda street, extending through the block to Banning street and fronting 50 feet on that thoroughfare; consideration named, \$15,000.

Wrecked by a Car.

An express wagon, the property of E. D. Wilcut of No. 439 North Avenue Twenty-three was reduced to splinters and his horse crippled yesterday afternoon near East First and Anderson streets by being struck by car No. 361 of the Boyle Heights line of the Los Angeles Railway Company. Wilcut had tried to cross the truck in front of the approaching car.

Found Roomer Hanged.

When R. Daniels returned to his home at No. 559 South Hope street after having spent last evening with friends, he found that during his absence a burglar had entered the place, searched it thoroughly even to the extent of emptying dresser drawers and closets and overhauling furniture. The thief secured a gold watch, four gold rings and \$4.

Money-order Shams.

Postal authorities are looking for two shysters who make a practice of purchasing money orders for small amounts and raising them for their own profit. The men use various names and usually buy orders in amounts of \$1 and \$1.50, drawn on interior California towns or on cities in other States, afterward altering them with chemicals and changing the amounts at will.

Chinese New Year Here.

Today inaugurates the ten-day celebration that always marks the beginning of Chinese New Year. In times past Los Angeles' Chinatown has been thrown wide to visiting "foreign devils" at New Year, and many have been recipients of trifling gifts at the hands of the punk-stick burners, but this year the celebration is to be a less public affair, and at its best will be very quiet in comparison with former years.

Dinner for Flint.

Local members of the Sons of the Revolution and of the Colonial Wars will give a dinner on the 15th for Senator-elect Frank P. Flint, who is a member of both organizations. The joint Committee on Entertainment includes Capt. C. E. Thom, chairman; Charles S. Walton, secretary; E. M. Ross, E. R. Thorne, H. R. Alexander, G. J. Dineen, Dr. J. H. Hayes, P. H. Rindge, H. O. Collins, D. R. P. Corwin, H. H. Sinclair and D. G. Fisher.

Burglars Again.

A. M. Thatcher of No. 1123 Lakeshore boulevard reported to the police yesterday that his home had been entered by burglars during the early morning hours. The thieves secured a purse containing \$25, so noisily did the burglars work that a young son of Mr. Thatcher's was awakened and the father was called. When Thatcher turned on the light, a man was seen leaving the house, but the thief disappeared in a hurry.

Falkenburg Recovering.

The pleasing intelligence was given out shortly before midnight last night, at the residence No. 121 West Seventh street, that F. Falkenburg has passed the climax of what was thought to be his fatal illness, and will recover. He is a head consultant of the Woodmen of the World, and has been critically ill of nervous prostration for nearly a week, as reported in The Times. Mr. Falkenburg was resting comfortably at midnight.

Exciting Runaway.

A horse attached to a milk wagon ran away at Union and Lake avenues yesterday morning, and continued a wild flight to the very business center of the city before he was stopped. At Second and Spring streets a bad smashup with a number of cars and wagons was narrowly averted. A pedestrian grabbed the frightened animal and made a sensational stop of the runaway. The horse and wagon were practically unharmed.

Two Purchases.

Dr. Hugo A. Kiefer has sold to J. K. Carter, 7017 1/2 feet, on the west side of Los Angeles street, 215 feet south of First street, with a two-story brick business building; consideration named, \$35,500. The sale was made through the agency of Edward D. Silent & Co., the seller being represented by Otto Weld & Co. Mrs. C. E. Crowley buys of the Palm Place Company, through the agency of the C. J. Heyler Company, an unimproved lot, 100x125 feet, on the southeast corner of Lake and Twelfth streets; consideration named, \$7000. Buyer will build.

Held for Taking Letter.

Edward Munson and San Welliver, alias E. H. Gagel, were arraigned before United States Commissioner Van Dyke yesterday, charged with taking from the postoffice at Riverside a registered letter addressed to William Swonger. Each man was held in \$2500 bail for trial. The men were arrested at Needles by Deputy Sheriff J. C. Lane and were brought to Los Angeles by Deputy United States Marshal Traeger. The two men were companions of Swonger, who had told them he expected a registered letter from his home in Ohio. It is alleged that they obtained the letter by false means.

Soaking in Mountains.

Reports from the mountain districts indicate a heavy fall of rain Wednesday night. The Pacific Light and Power Company recorded a precipitation of 2.9 inches in San Gabriel Canyon. The telephone line to Bear Valley is down, but it is known that the fall was copious there. Yesterday afternoon there was 12.00 inches of water running to waste in the Santa Ana river. Early yesterday morning 1.25 inches had fallen at El Cajon. According to The Times rain gauge 1.34 inches fell in the course of the storm. At midnight last night rain began again in this city with a light fall.

CHANGE OF DATE.

Publishing of First Installment of Recipes in Cookbook Contest Postponed.

Owing to the unusual press of other matter the publication of the first installment of recipes in The Times Prize Cookbook Contest, which has been announced for today, has been postponed until Sunday. The "Soup Symposium" will then take place. Meanwhile recipes for salads, which is the next subject for discussion, will be received. Send them in early. Address: THE TIMES CHEF, Times Building, Los Angeles, Cal.

BIG GIFT TO UNION SEMINARY.

NEW YORK, Feb. 2.—Announcement of the gift of \$100,000 to Union Theological Seminary has been made by Dr. Charles W. Cuthbert Hall, president of the faculty, who declined to reveal the name of the donor. Included in the gift are thirty-six lots between One Hundred and Twenty-second streets, just off Riverside Drive. It is the announced intention of the directors to utilize the gift as soon as possible for the removal of the seminary from the present quarters to the site included in the gift.

Trust Stores Disagree

INTERNAL DISSATISFACTION

The enormous loss of business which the Trust stores have suffered on account of public sentiment, and by the deadly price war which Brent's is waging, has caused great dissatisfaction among the members of the Trust.

Trust stores which were formerly conservative institutions have been turned into fake stores with yellow journal advertising.

Trust stores which formerly published truthful, reliable advertising about their merchandise now cater to the public with lurid announcements which are meant to cover up the high prices. In the meantime Brent's is supplying the public with furniture, carpets, pianos, drapery goods, stores, and all other house furnishings at prices 25 to 40 per cent. below the Trust.

WED TO DEAD COON ON SLY.

Miss Blackman Becomes Bride Through a Screen.

Marriage of Murderer Hill County Jail Scandal.

Preacher Biglow Forgets All What's Her Status?

Well, here's a howdy-do! A girl has been married to a dead man in the Los Angeles County Jail. She is alive. She knew he was dead, but insisted upon marrying him anyhow. He was such a fascinating "stiff."

The dead bridegroom is William Archie Hill, a prisoner under life sentence for killing a street car conductor at Pasadena. In the eyes of the law he is a corpse.

The bride is a young colored girl named Robertia Blackman. Her present status is somewhat doubtful. Her husband is a dead man, but she is a widow? If so she had the unique experience of becoming a wife and a widow at the same minute.

The marriage was performed by stealth almost under the eyes of the officers who had orders to prevent it. A colored preacher wedded them through a screen through which prisoners talk with visitors.

The affair has created a scandal at the County Jail. It will probably cost some jobs.

FORBIDDEN BY OFFICERS.

Some time ago Archie Hill asked the Sheriff's permission to take unto him-

self a wife. The question was referred to the District Attorney, Capt. Fredericks, "sat on" Archie's amorous ambitions. He pointed out that Archie was dead and couldn't get married.

No more was heard about it until yesterday one of the officers happened to stumble upon the fact that the colored girl who comes around to see Archie Hill was married to him last November right in the jail.

Hill was taxed with the charge. He admitted that he, in his ghostliness, had been married to the girl.

He said that he knew her before the killing and his belief; her sympathy during his imprisonment would have, and did, move the heart of a dead man. Out of his living grave, Archie loved the girl.

As the wedding was forbidden by the officers, they resolved to be married by stealth.

The girl got out the license herself. She gave her name as William A. Hill, so no one suspected.

She hunted up James A. Biglow, a "holiness" preacher, who in his secular moments acts as janitor for the Farmhouse-Dohrmann Company. Biglow agreed to perform the ceremony.

STRANGEST OF WEDDINGS.

Archie told the jailer yesterday that his bride-to-be came with the person on one of the visiting days; no one suspected the errand they were on, as Hill receives many black visitors.

The jailers sent him down to the big screen through which prisoners talk to their guests, the screen being there in order that they may not pass weapons back and forth, as Col. L. Tupper passed a revolver to the notorious Kid Thompson.

Other prisoners were receiving guests at the same screen; they never knew that a wedding was going on at their elbow.

The blushing bride stood just opposite the deceased. The person stood on one side of her; her sister, Mrs. M. Eni, Whitfield, on the other.

"Do you want to be married?" whispered the preacher hurriedly through the screen.

"Yes," whispered back Hill, with a soulful glance at the girl, tantalizingly on the other side of the screen.

"Do you take this woman to be your wife?"

Hill glanced feverishly around at the turnkeys and whispered, "Yes."

The preacher turned to the girl, "Do you take this man to be your husband?"

The girl looked passionately at the legally dead man and said in a low whisper, "Yes."

"I pronounce you man and wife," muttered the preacher, almost under his breath, as a turnkey walked by.

With a hysterical laugh, the conversation became ostentatiously loud. In a minute the turnkey looked around and said it was time for the visitors to go; the fifteen-minute limit was up.

Without as much as the touch of her hand the dead Mr. Hill saw his wife march off down the corridor. She has visited him at frequent intervals ever since.

BIGLOW'S MEMORY FAILS.

The Rev. Mr. Biglow was found toying with a non-handled broom on the second floor of the Farmhouse building yesterday. He was not drawn toward the topic.

In the intellectual strain of swabbing out the corridors and picking up the

CASINO ABOUT TO BE SOLD!

Negotiations for Transfer of the South Spring-street Playhouse Pending.

It is reported on reliable authority that Alfred J. Morganstern is negotiating for the purchase of the Casino Theater to add to his string of playhouses. It has been talked for some time that efforts were being made to buy out the Casino company. It was believed that John Fisher of San Francisco, who recently sold the Fisher Opera-house in that city, was after the Casino. He has been in Los Angeles several days looking over the field. A deal is pending.

urgent clear stump. It has almost finished out of Biglow's recollection—his singular marriage. By panting and straining just as hard as he can, he is able to remember just a faint trace of some such matter on the distant rim of his horizon.

He was not able to remember anything about the girl, where she lives, or the circumstances of the wedding.

"Did anybody know you were marrying them?"

"Well, now I don't know," said Biglow, mildly. "Well, now I don't know; do you know I kind of guess they didn't."

"The fact is, the people sitting right alongside you didn't know there was anything going on, did they?"

"Well, now Biglow couldn't really say as to that."

"Pretty brief sort of ceremony; didn't get out of breath marrying that pair, did you?"

Intense Evangelist Ostrum Utters Striking Sentences and Wins Many Inquirers—Central District Overflows Into Neighboring Church. Midnight Meeting Tonight.

People balked a little at the rain and the revival centers in all the districts showed a falling off in attendance for two nights, but last night the old throngs were again in place and all the churches were crowded.

An increasing number of people arose

in the meetings in response to the appeals of the evangelists and interest in every direction is evidently on the increase.

It has been decided to hold the midnight meeting tonight in the Grand Opera-house on Main street. The forces will gather at Temple Auditorium after the regular service in all the districts and march in a body to the opera-house where a service will be held.

The noonday meeting at Blanchard Hall will be addressed today by Dr. Walton, and all the afternoon meetings will give way to one in the Temple Auditorium at 3:30 this afternoon which will be addressed by Dr. Biederwolf.

The last meeting for children will be held this afternoon in the First Congregational Church under the direction of Dr. Shaeffer.

A DOLL PARTY.

ENTERTAINING YOUNGSTERS.

A sermon of world-wide endeavor

was preached in a novel way by Evan-

gelist C. T. Shaeffer at the Children's Meeting yesterday afternoon, in the First Congregational Church.

He called it a "Doll Party" but the dolls didn't cut much figure. To the little girl bringing the largest number of new recruits to the meeting he gave a handsome doll. Many of them reported recruits; several thought tea was a good number with which to give, but a zealous little gatherer of recruits led in fifteen and walked off with the prize.

Evangelist Shaeffer took for his text the words: "Go ye into all the world and preach the gospel to every creature," and acted it out with banners and children in costume.

Sweet little Gladys Fugh, the tiny daughter of O. F. Fugh, who is singing with Dr. Walton on Central avenue, sang for the children and gave them great delight. Among those in the chorus was little Annie Row, whose singing so attracted the other tiny singer that she scarcely took her eyes from her during the service, and when they went out to get their picture taken for The Times we Gladys said to Annie: "Won't you hold my hand?"

The first section of the evangelist's discourse introduced an Esquimaux, who came to the platform in full costume, and then to illustrate the care of Christianity over this people, a girl stood by the side of the Esquimaux having in her charge a doll which was an exact reproduction of the costumed figure. Just behind this pair a boy stood holding a banner which contained a scripture quotation commencing with the word "Jesus," in large letters.

In succession the Indian, the Caucasian, the Kaffir, the Chinaman, the Japanese and the Italian were treated in the same way. When the banners were all in place behind the row of costumed children the words in large letters read: "Jesus for all the World." Flags of all nations were then distributed to the children on the platform and the scene was a most patriotic and inspiring one.

The attendance of children was so large that they filled the lower part of the big auditorium and there was a good showing of grown people in the gallery.

Dr. Shaeffer showed his usual skill in the entertainment and handling of the children. The last of these children's meetings will be held this afternoon.

DOUBTING THOMAS.

KEEN TALK BY DR. OSTRUM.

Sentences pregnant with originality and characterized by the most intense earnestness marked the keen talk of Dr. Henry Ostrum at Immanuel Presbyterian Church last night.

He found his inspiration in the story of John the Baptist and "Doubting Thomas," and was both entertaining and wonderfully impressive. In fact the manner of Dr. Ostrum is such that a witless almost becomes impressive.

The audience last night resembled the throngs that attended on the evenings preceding the rains. The lower floor was packed and the gallery well filled, and the most intense silence was maintained from the opening until the close of the meeting, and scores arose for prayers.

"John was a man who knew how to do things," said the evangelist, in introducing the scriptures. "John was a man who had no laundry bills; he had one suit of clothes, and that was of camel's hair. He had no use for a bill of fare; he roasted locusts, pulled off the legs and ate them, and jumped over the fence to hold another meeting."

Speaking of the present meetings, Dr. Ostrum said: "One of the glories of a revival, as I believe we call it, is that it opens the way for us to exchange courtesies."

"I'd have these meetings as home-like and comfortable as possible. Bend back a little, you business men, and enjoy this meeting in restfulness. If any of you are strangers I'll introduce you to all the preachers on the platform just now."

Coming to the story of Thomas, who wanted to put his fingers in the wounds of the Savior in order to be convinced, Dr. Ostrum said:

"Thomas was a greatly discouraged man; you see he had gone into a new territory and he had been deceived and told by his friends not to be too ready to take up with a new thing. And now his Master had been crucified; he had lost courage and was discouraged."

Dr. Ostrum then paid his respects to the characters of today who pay much attention to the story of Jonah and the whale, to the exclusion of important things, and go hunting for a religion of philosophy or science.

The business man who makes money at any cost or sacrifice of principle, thus taking the edge off his religion; the woman who is so consecrated that she is frigid, and other equally pregnant questions received attention.

"I'll do anything for the salvation of my soul."

TO STELLAR HONOR AT SINGLE BOUND.

A DECIDED honor came suddenly to a Los Angeles girl yesterday, when Mrs. Stanley Johns was made leading woman of Paul Gilmore's New York company, which played recently at the Mason here.

Yesterday morning Mrs. Johns received a telegram asking her to take the position. She at once began to learn her part, and on Monday even-

that of any other show girl in the company, and people used to go many times just to see her, when they were assured that she would be in "the front row."

Then a company came to the Grand Opera-house with Stanley Johns as its leading man, and one evening, just at dusk, The Times' court reporter was suddenly surprised by being pressed into service as a groomsman, and

there before a justice's paper-littered desk, with no other witness, Stanley Johns and Agnes Williams were made husband and wife.

Then Agnes Williams retired from the stage. Her husband has been acting here during the months that have just passed, and in the shadow of his reputation his wee wife has nestled very securely.

Now, at a single bound, she outclasses all the other actresses in the community by the magnitude of her engagement. She will go East as far as Detroit, her engagement being of fifteen weeks' duration. There she will stop work and rest with her husband's father and mother, and there, too, he hopes to join his wife and bring her back to Southern California.

Just a year ago Agnes Williams was playing in Waldeck's Casino burlesque company—merely a pretty girl with a voice and a fine figure—just a show girl among a lot of other show girls. She was known, however, for her vivacity and ambition, and so her name was heralded about more than

SUMMARY OF THE DAY.
Failure of the garbage collector to remove and cremate the city's waste has led to an investigation by the Board of Health, that may result in a new system of garbage collection. Members of the Council are considering the appointment of a commission to investigate the quality of cement used by contractors in street improvement.

Complaint was made to the street department yesterday that oil and storm water from the old Arroyo de los Reyes mania was running scores of west side lawns.

The annual charge against Dr. S. M. Woodbridge yesterday fell of its own weight in Justice Pierce's court, and Woodbridge immediately filed a damage suit against his mother-in-law for \$25,000.

George Carrier was sentenced to seven years in State's prison yesterday.

Four bad characters pleaded guilty to vagrancy charges in Police Court, and they will be sentenced today; many others are held in jail to await distant hearings.

W. A. Cooper was acquitted of a battery charge by a Police Court jury.

GARBAGE STILL BURNING ISSUE.
SYSTEM OF COLLECTION IS BAD; DISPOSAL IS WORSE.
Commercial Bodies May Co-operate in Selection of Satisfactory Plan for Removing and Cremating City's Waste—Crematory Closes Early, Driver Dumps Garbage on a Lot.

Not the least of the troubles of the present Council is securing an effective remedy for unsavory garbage conditions.

With this administration, as with a number of its predecessors, garbage has failed to become a burning issue. The present contract for garbage collection, which does not collect, and garbage destruction which does not destroy, expires July 1. The director of the Chamber of Commerce is investigating plans for disposing of the city's garbage, which will not result as others have done, in leaving the ugly edges of some of our most beautiful streets, and a general nuisance everywhere.

That the present garbage collection system is a misnomer all are practically agreed, but the members of the Council and the Chamber of Commerce are singly and collectively confronted with the stock query, "What are you going to do?"

Dissatisfaction with present conditions has become general. Members of the Board of Health made a recent visit of inspection to the "dump." While there were a driver of one of Alexander's garbage wagons drove up with a load of offal and cast it out on a vacant lot. He said that he seldom took his load to the crematory.

Chairman Smith of the Finance Committee of the Council yesterday afternoon told the other members of the committee that he had about concluded to sign no more contracts for garbage collection until the contractor showed at least a passive interest in his work.

Health Commissioner Kurtz declared at the Board of Health meeting yesterday night that the attempt being made by the contractor to take away garbage was only a farce. He related a number of instances where he had noted garbage cans standing on the sidewalk awaiting the collector for as long as two weeks. Dr. Kurtz said that, in his opinion, the contractor should either show some interest in carrying out his contract or get out of the way and let some one else do it.

During the present week a representative of an eastern firm of engineers before the directors of the Chamber of Commerce with a proposition to build a new garbage system until the present contract expires, which is a cost not to exceed \$100,000.

The directors will not make a recommendation on the new system until the present contract expires, which is a cost not to exceed \$100,000.

Stirred to action by the ungarbage collection made by the contractor, the Board of Health has decided to dump his load of refuse instead of burning it. The Board of Health has decided to dump his load of refuse instead of burning it.

for curbs and sidewalks. They say that both brands are all right for foundation work, but that they will stand exposure to the sun and rain. There is another brand which is said to be inferior for street work for the reason that it is heavy and slow to set.

Former Street Superintendent Werdin said yesterday afternoon that during his term of office probably ten miles of cement sidewalk were rejected by his inspectors because of faulty cement. He said that some poor cement was accepted for the reason that it did not commence to disintegrate until several months after the work was completed.

A number of cases in which contractors are charged by property owners with using poor cement are now pending before the Council. In some instances the work has been accepted by the Street Superintendent. These are instances where the time in the cement was not allowed to set for several weeks after the sidewalk was laid.

Some property owners have the idea that "Portland" cement means cement manufactured in Portland, Eng. As a matter of fact, Portland is the name of the process by which the cement is manufactured, and does not refer to any of the class of that name.

STORM WATER.
WEST-END INUNDATION.

Street Superintendent Hanley was yesterday compelled to listen to the aftermath of Wednesday night's rain storm in the form of complaints of West-end property owners that they were being flooded out by storm water.

Most of the complaints came from along the line of the old Arroyo de los Reyes storm drain. This canal of the Padres appears to have remained as the natural course for the storm water from Figueroa street. Street improvements have made it the outlet of Lake Shore Lake. Early yesterday morning the old waterway was overflowing to carry about five times its capacity; the result was that it slopped over all the way from Sixth and Figueroa streets to Washington and Normandie.

In a number of places the volume of the overflow was so large that it undermined the street. The street superintendent's office was a deputy from the engineering department of the Los Angeles Railway Company. He said that the old ditch costs his company anywhere from \$250 to \$1000 every time as much as an inch of rain falls. Real estate along Figueroa street, Grand avenue and Washington street, pronounced that the oil and water were ruining lawns by the scores along those thoroughfares.

One More Unfortunate.
Robert Dominguez yesterday filed charges with the Civil Service Commission against W. C. Melvin, a deputy in the City Engineer's office. Dominguez makes the allegation that Melvin is related by the Assessor contrary to the rules. Melvin was transferred during the last week of December from the Tax Collector's office to the Assessor's office. Dominguez's attack the legality of this transfer.

AT THE COURTHOUSE.
SCIENCE WINS IN SCANDAL.
CHARGES AGAINST PROF. WOODBRIDGE FALL FLAT.

Justice Pierce Throws the Case of Mrs. Eunice Groome Out of Court on His Own Motion—Woodbridge Begins Suit for \$25,000 Damages Against His Mother-in-Law.

The two charges of assault with intent to commit murder preferred against Dr. Samuel M. Woodbridge, director of the agricultural station of the Southern California Academy of Science, by his mother-in-law, Mrs. Eunice Groome, of South Pasadena, flared out. But the end of the scandal which has furnished so much food for gossip, is not yet. For Woodbridge yesterday retailed by filing a damage suit against his mother-in-law, in which he asks judgment for \$25,000 as bail for his wounded feelings and sullied reputation.

Mrs. Groome had her son-in-law arrested, first, on a warrant, issued by Justice Glover of South Pasadena, but as the name of the justice was linked unpleasantly with that of Mrs. Woodbridge, the District Attorney had the proceeding dismissed. But the mother-in-law swore to a second complaint before Justice Pierce, making the allegations as in the one previous. Yesterday this case came up for preliminary examination.

The evidence, instead of revealing a crime, revealed a farce. Mrs. Groome's charges fell miserably flat, and, according to her own statement, Woodbridge had not in any sense merited the accusation made against him.

The specific charge alleged was that Dr. Woodbridge, as far back as December 18, 1932, attempted to assault Mrs. Groome with a knife. Woodbridge had not in any sense merited the accusation made against him.

She said that it was in the evening of the last day of the year, 1932, that her son-in-law visited her home and knocked for admittance. When she went to the door and saw who it was she shut the door quickly. Dr. Woodbridge standing outside cursing and reflecting upon the character of his direct lineage of Mrs. Groome. He went away, but returned about 9 o'clock, and was climbing through the dining-room window when discovered by Mrs. Groome. His head and shoulders were through the window, and in one instant he carried a knife under the door.

Woodbridge opened her verbal batteries upon him, and Woodbridge, under the test of attempting to actually commit a crime of entering the house. About 10 o'clock this belated son-in-law appeared at the back door, and jerking open the screen kicked one of the panels so viciously that it almost fell out. Each and all of these acts were stated to have been carried on with a view to the destruction of Mrs. Groome's peace of mind.

Attorneys McLaughlin and Owens took up in favor of the young man, and made a plain statement of the facts to the effect that Carrier and another young man named Pierce met an old man named Warren Clapper who had developed a most ardent interest while living at Pasadena. When he could stand it no longer, Clapper came to Los Angeles to visit his mother. This was absolutely true, the witness met Carrier and Pierce and they joined the old man in a drinking bout.

Old Clapper on the second afternoon after stopping for farewells and attending to business, and thereafter his two friends invited him to ride with them in their wagon. He did so, and after stopping for farewells and attending to business, Clapper was uncertain as to just what happened.

DRUNK-ROLLER SENTENCED.

George Carrier was brought before Judge Smith yesterday to stand trial for highway robbery, and his claim and fellow defendant, who was ready to turn State's evidence for the sake of saving his own hide, but Carrier forswore his plea of "not guilty" and pleaded "guilty."

Judge Smith didn't take any stock in the hypothesis theory, however, so he sent Carrier up for two years.

WAR BEGUN ON SANTA MONICA GERM LUNCH.

FOUL garbage heaps, reeking with violence, and constituting free-lunch counters for germs, have started Dr. E. N. Mathis on the war. In his official capacity as County Health Officer.

He has taken steps to compel the abandonment of more scientific treatment of one at Santa Monica. The dump heap there is at Eighth and Pennsylvania avenues. Dr. Mathis says that it is a horror.

Supposedly burned, the County Health Officer claims that a large part of the garbage is not actually so consumed, but lies rotting in a condition to imperil the public health.

Filth rolls down the hill from the dump heap, and casts such terrible odors over the landscape that people in the neighborhood are finding life almost intolerable. They can't sleep at night.

Papers covered with filth blow all over the neighborhood, lodging on pretty front lawns and yards. Old cans, in which the garbage has been carried to the dump heap remain stinking and putrefying after the contents have been burned.

Rats, dogs and other vermin creep into the garbage on the heap and carry away germ-infected rubbish. Even the burned garbage is said to be liable to cause disease. Dr. Mathis declares that the smoke from this burning filth is thick with dangerous germs. The County Health Officer will insist that disposition be made of the garbage.

The disposition of the garbage of Santa Monica has been a troublesome question and his legal acumen, and then gave a kindergarten lecture on elementary law. The court pointed out that however reprehensible have been for Dr. Woodbridge to curse his mother-in-law, or however many difficulties the case may have presented, the law affords ample remedy. But so far as the particular charge laid at his door, there was not a scintilla of evidence to sustain it.

On the other hand Mrs. Groome had herself shown that, if it was anything, it was an assault against a dwelling house that had been committed, and Justice Pierce said that he was not aware that to climb through a window or over a fence and enter a house was an assault with intent to kill. The complainant had stated specifically that he had not made any attempt to injure her at all, and though the court admitted chivalry in the defense of a woman, yet, in law, it might be just as well to adhere to the ordinary common-sense rule.

The court did not wait for the defense to put in any testimony, but, on motion, threw the case out of court.

As a legal proposition there had been no doubt of the outcome and inside of an hour Pierce, after cutting Dr. Woodbridge, filed a suit asking for \$25,000 as damages on each of two counts. The suit was filed in connection with the filing of the complaint before Justice Glover are set out, the necessity for the furnishing of bail, being waived, and the final dismissal of the case by Dist. Atty. Frederick.

It is alleged that all the matters referred to were published extensively in the papers of Los Angeles and Pasadena. Dr. Woodbridge was prevented from attending to his business, and that many people believing that he was insane, refused to do business with him or associate with him, and that he had suffered in name and reputation from each of these things. Judgment in each count was begun. Judgment is asked for a total sum of \$25,000 and \$150 as counsel fees.

HYMNOTISM NO DEFENSE.
LAMONT GETS TWO YEARS.

P. A. Lamont lined up before Judge Smith yesterday and pleaded guilty to the charge of forgery. Attorney Axell made a plea for leniency for his client, and Lamont was let off easy with two years in State's prison.

On January 4 Lamont made a check on the Security Savings Bank for \$48 and forged it to the name of Mrs. P. A. Kleinman, the check being payable to Cora Cummings, with whom it appeared Lamont was intimate and who, according to the story, was feeling spiteful toward Mrs. Kleinman. He hit upon the scheme of making an attack upon her pocketbook as the most effective way of getting even. Lamont was the active participant in actually forging the check, but in the final outcome has to suffer alone. Attorney Axell told the court that his client had been unfortunate in being so easily misled by the influence of a very foolish and criminal act, but under the circumstances he thought the court ought to take the matter into consideration.

Judge Smith didn't take any stock in the hypothesis theory, however, so he sent Lamont up for two years.

proposition for years and years. It is becoming more annoying as the city in its growth encroaches upon the suburbs where in the past houses were few and far between.

Complaints came in so thick and fast during recent months that when the matter was called to the attention of the City Trustees prompt action was taken. After Ocean Park became a city the garbage collector of that built took advantage of the Santa Monica dump on the hill between Eighth and Ninth streets. The combined area was more than the neighborhood could stand, and Santa Monica recently, in contracting for the gathering and disposal of her garbage for the new year, provided that the contractor should furnish his own dumping grounds outside the city limits.

This contract was let several weeks ago to F. T. Steffa, who has since been making the collections. Thinking that the garbage dump that had been used for years was outside the city limits, Steffa purchased the tract, and since the new contract became operative he has continued to dump in the same old way in the same old place.

The fact that the change of dumping grounds had not been made as was contemplated by the City Trustees when they entered upon the new contract has not been called to their attention.

Since the method employed of cremating the refuse or permitting it to decay is not objectionable to the neighborhood and does not come within the terms of the contract with the city, the Trustees will exact a strict enforcement of the contract to the end that the garbage may be so disposed of that it will be neither a nuisance nor a menace to health.

He did know, however, that Pierce and Carrier robbed him of \$20, a watch, Roosevelt badge, nose-glasses, and then left him by the wayside while they returned to the city in the wagon.

So far as Carrier and Pierce were concerned they were on a par, but if it was the money that they were after, the prosecuting witness at the trial, and so the acceptance of the testimony of Pierce in behalf of the State was welcome. Of course it all depends upon the price to be paid. When Carrier pleaded guilty yesterday the court was sympathetic that one so young should be wrong, but he sent the young fellow up for seven years. Pierce was then brought forward and the District Attorney interposed in his behalf. He asked that the court sentence be carried over until next Monday, saying that Pierce had made himself very useful in the case and there were one or two little things he wanted to inquire into.

The continuance was granted and Pierce will next Monday receive his reward for turning against his friend.

DESERVED WIFE.
GETS DECREE OF DIVORCE.

James D. Hill left his wife and children at Chatsworth Park while he went up to Mendocino county to better his condition. He got a good position in a tannery, but he didn't send for his wife and little ones. Neither did he send her any money to support herself and the two children, nor indicate his intention of doing anything for them.

Hill went away in 1932 and not a great while afterwards figured as one of the strikers in San Francisco. Though he never sent money to his wife, he did send a number of whining letters, and in one of these he said: "Glad I straighten up and never want to see your face again. I have to keep close, for they're going to send me across the bay."

Just what particular brand of devilment the boys of Los Angeles and Pasadena, that Dr. Woodbridge was prevented from attending to his business, and that many people believing that he was insane, refused to do business with him or associate with him, and that he had suffered in name and reputation from each of these things. Four defendants in Notorious Vagrancy Cases Plead Guilty. More Bush Cases in Prospect. Alleged Wielder of Monkey Wrench Acquitted.

Seventeen characters of the tenderloin appeared before Justice Chambers in Police Court yesterday on charges of vagrancy. The notam and jettam of the old red-light district was there, and depravity of the worst order was plainly traceable in the features of many.

Four defendants, two men and two women, entered pleas of guilty. They were Frank Young, Frank Jackson, Vera Fox and Lottie Lane, keeper of the notorious joint at New High and Marchessault streets. The remaining thirteen pleaded not guilty and dates running well into April were set by the court for hearings of some of the cases. With those on the docket and many more promised by the police in their round-ups of the vice-infested districts, the Police Court promises to be a busy place for months to come.

Those who pleaded guilty were remanded until 9:30 o'clock this morning for sentence. Bail in sums ranging from \$500 to \$1000 was fixed for the others, but failing to produce the cash all were returned to jail to await their trials.

Cooper Acquitted.
After a trial lasting two days in Police Court, W. A. Cooper, the Los Angeles-street lodging-house keeper charged with battery, was acquitted yesterday afternoon by a jury. It was claimed by the complaining witness that Cooper broke a monkey wrench on his head. Mary E. Cooper, wife of the defendant in yesterday's trial, is charged with misdemeanor. Her trial is scheduled for the 16th inst.

Held to Answer.
Robert Harper, the negro accused of shooting Jeff Russell in the leg because Russell refused to produce a cash bail for a family quarrel, was held to answer to the Superior Court in the sum of \$1000 on a charge of assault with a deadly weapon.

THE WARREN CASE.
AGAIN CONTINUED.

Prof. Warren was again in Justice Young's court yesterday waiting to answer the charge of having assaulted Mrs. Akim of Tropic, who sought to keep him from taking charge of his child. Mrs. Akim was again on hand with some more physician's certificates, and an affidavit that his wife could not possibly come into court at this time, and so the case was continued until further notice. The Attorney General was willing to have the case dismissed, but Attorney Hammack, appearing for Prof. Warren, objected.

Preparatory School Strong Bay Clean-up Honors in Yesterday's Meet at Methodist Field—Parsons Takes the Sprints in Easy Fashion Wins the Events.

By piling up fifty-two points, a husky "prep" of U. S. C. cleaned such scanty honors as were at stake in the athletic trials at Methodist Field yesterday afternoon. Records of the majority of cases were bad as is to be expected at the preliminary stage of the season, and the principal result of the events was convincing Coach Holmes and a few Hercules stunts which make the no money game seem like a picnic. The three weeks memorial, which will do all kinds of things to the sports of red and gold in the coming dual meet.

The cinder path was firm and fast under the rain, so there was no complaint upon that score. Charlie Parsons won both the 100 and 200 yard sprints, and the 100 yard dash. He was in for most of the events as a dual meet.

Elliot who won the 120 low hurdle race, good form in clearing 10 feet, was fast, and clean in his work, going to the mark with a look like the making of a good man. This part of the athletic game. The rest were out of reach from the first jump, Elliot finishing in 0:16 flat. The weights and shot were not particularly impressive. Black winning the 150 pound event with a put of 31 feet 3 inches, while Webb took the hammer throw with an effort of 112 feet 2 inches.

Comstock cut out all competitors with a pole vault by clearing nine and half feet, and probably could have gone higher had the wind been necessary. Howard won the half mile run in 4:45; the long drive was fought out between Critten and Hubbard in the mile. The 1000 yard race was won by the Spiker, Cooper and Critten finished in the quarter mile run on the track. Time was 0:54. Second honors in the 100 yard high jump were won by Critten in 0:21 flat. The jumping was not at all sensational,

(BY THE ASSOCIATED PRESS—A.M.)
CHICAGO, Feb. 2.—President Hart of the Chicago National League baseball team has sent a notice to all players to prepare for the start of the California February 25. This will be the earliest start of any of the big-league teams from here to Los Angeles over the Santa Fe route. The team will be quartered at Santa Monica. Twenty players at least will make the journey.

HARVARD'S PRESIDENT.
HE'S AGAINST FOOTBALL.

(BY THE ASSOCIATED PRESS—A.M.)
CAMBRIDGE (Mass.), Feb. 2.—President Charles W. Eliot of Harvard University, in his report for the year 1904-1905, states that there was a deficit of \$30,000 in 1903-1904 and a deficit of \$20,000 in 1904-1905. He states that the deficit was due to the fact that the university was not able to raise enough money to cover its expenses. ATHLETES IN
A NEED OF WORK.

IMPRESSIONS MADE
IN FIELD TRY-OUTS.

Preparatory School Strong Boys
Clean-up Honors in Yesterday's
Heat at Methodist Field—Parsons
Takes the Sprints in Easy Fashion.
Winners of the Events.

By piling up fifty-two points, the
"preps" of U. S. C. cleaned up
the athletic trials at Methodist
field yesterday afternoon. Records in
the majority of cases were quite as
good as to be expected at the present
stage of the season, and the
principal result of the events was to
show Coach Holmes and a few of
his budding "strong men" that some
Berkman stunts make the next
three weeks memorable also. Occasional
all-time records were made in the
quarter mile and in the coming
day meet.

The cinder path was firm and fast
under the rain, so there was no com-
plaint about that score. Charlie Par-
sons won both the dashes without ex-
tending himself, doing the hundred in
24-5 and the 220 in 24-4. Broderick
won in for most of the events as did
Skel, and both proved several times
the winners.

Elliot who won the 120 yard hurdles
was good form in clearing the
"hurdles" was fast, and clean in his
work, going to no needless effort. He
was like the making of a good man at
the part of the athletic game. The
were out of reach from the first
day, Elliott finishing in 0:14 flat.

The weights and shot were not par-
ticularly impressive. Black winning the
five pound event with a put of 23
feet 2 inches, while Webb took the
heavier shot with an effort of 116
feet 3 inches.

Remstock cut out all competitors in
the pole vault by clearing nine and
one feet, and probably could have gone
much higher had it been necessary.
Howard won the half mile run in
4:45, the long grind was fought out
between Elliot and Hubbard in the unim-
portant time of 5:19 for the mile.

change will have to be made before it
will be taken very seriously. It is
generally understood that these young
men are planning to enter Wisconsin
next fall, so it is hard to see where
they can do Occidental much good.

TAM O'SHANTER'S DOWNFALL.
REVOLT TAKES GOOD THING.

(BY THE ASSOCIATED PRESS—P.M.)
SAN FRANCISCO, Feb. 2.—There
were thousands of dollars played on
TAM O'SHANTER to win the second race,
but the good thing was taken into
camp by Revolt. Hainault "spread-
eagled" his field in the fourth race,
and made them all look cheap. He ran
a different race under Jones's pilotage
than when Chandler rode him. It was
very close for the place between Sil-
lito and Hainault, but the former's
number was the one to be hung up.
The weather was cloudy and track
muddy. Summary:

Three and a half furlongs: Syphon
1:14 (Alarie) 9 to 20; won; George
A. Knight, 107 (Jones); 1 to 1, second;
Mazapan, 107 (Bell); 20 to 1, third; time
0:46. Lady Catherine, Bakersfield,
Miss Berg, Gladis and Santee also
ran.

FOUR WINS BY
IRISH JOCK.

Moriarty Makes New Record
for Ascot Park.

Had Sports Piked Him They

Slow Time in Every Event
Owing to Mud.

Moriarty, the Irish jockey who is
believed by some to be a very good boy
on the poulas, proved himself the sen-
sation of the day yesterday at Ascot
park by riding four winners and the good
part of this is that he did the best he
could for he had but four mounts.

It is very seldom that even the best
jockeys can make this kind of a record
in one day, for a kid must certainly be
very lucky to ride four races and get a
winner each time. No one expected this
of Moriarty, for during the past ten
days he had but three winners out
of about forty-five mounts, which is
not a very high percentage for what
some men think is one of the best ap-
prentice jockeys now riding.

Speaking of possibilities, if Moriarty
had but one dollar on his first mount
and parlayed the winnings in each of
his other three horses he could have
cashed \$1145 after the last race, which
he probably as much as he can make
in three months. In the first race he
won on Post Master at 10 to 1; on Susie
Christian in the third at 7 to 1; on Rip-
per at 3 to 1 in the fifth and on Chief
Albia in the last at 7 to 2. It is about
the best day's riding any boy has done
at the track so far and if he can do
half as well in proportion the remain-
der of the month he will soon be a
popular idol.

After the big rain of Wednesday
night the track was heavy and with
only ordinary fields the time was slow
and the sport devoid of features. Only
one favorite won, but in all probability
the bettors did not lose a great amount
of money, for the play was not heavy
on account of the general impression
that those who dooped to win would not

generally do most of the big betting on
all the races seemed to fight shy of the
card yesterday and they were doubtless
wise in doing so, for nothing stuck out
far enough to hit with a stick.

The ordinary sports, however, did
make good money on Metakata in the
second race, backed from 5 to 1, and
Canejo in the fifth, who ran second
to Ripper at 12-4-1. There was a
big load of money set in on Rip-
per the winner of the fifth race at 7 to
1 and he won easily after indulging
Canejo with the lead. The long shot
Carlie at 5 to 1 a show ran third in
the last race and carried considerable
money with him. The mud was con-
siderable about the trip. Mr. Smith and
his chauffeur, Al Faulkner, think the
journey a notable one, inasmuch as it
was made in a continual rain and over
roads that were fearfully muddy ev-
ery foot of the way.

SAWTELLE LOSES ITS OLD MAN.

WOOD, PART CENTURY MARK,
DIES BROKEN HEARTED.

Hundred Years in America, but
Never Voted—Woman Who Jilted
Him Suffered Bitterly—Never User
of Tobacco or Liquor—Eater of
Patent Breakfast Foods.

William A. Wood died at Sawtelle
Wednesday night from a broken heart.
Had he lived until tomorrow he would
have been 187 years of age.
He was born in Bedford Square, Lon-
don, Eng., February 4, 1798. When he
was but 4 years of age his parents
boarded a sailing vessel for America,

WILLIAM A. WOOD,
Who Died of a Broken Heart at Age of
Eighteen and Seven Years.

His boyhood days were spent in
England. Later the family drifted
to the border and down into Ken-
tucky.

There he succeeded by dint of hard
work and scrupulous economy, in be-
coming possessed of a good ranch
and a fine estate. But one evil day he went
out for a friend, who defaulted and
lost his fortune was swept away.
At this time in his life Wood be-
came engaged to a young woman of the
neighborhood. The day was set for the
wedding and arrangements were al-
ready in progress for the event, when
she came a man of wealth and stole
his bride from him.

Wood lived to see her married to his
rival, who died penniless a few years
later, leaving a widow to support three
small children by hard labor over the
hills.

At the experience of love lost and
the blighted had its effect upon him
and he never again in his life did he court
a woman.

At twenty-two years were spent
in California. At the age of 32 he was
ranching at Pasadena, but
the past few years he was con-
fined to the house by reason of paraly-
sis of his limbs.

Kindness, friendliness and without
him, he was "adopted" in this com-
munity four years ago by Mr. and Mrs.
Mudge of Sawtelle. They were a
merciful old couple and from the
day they felt a bond of friendship for
the old man who had lived during a
part of three centuries. They shared
his little home with him and Mrs.
Mudge became a mother to the helpless
gentleman.

Last week Mrs. Mudge fell ill and
lost a brief sickness of pneumonia
passed away. From the hour of her
death Wood lost hope and heart. There
was no longer any interest in life for
him.

Notwithstanding he was a resident of
Pasadena for a century, he never cast a
vote and elected a subject of King Ed-
ward. He had never tasted tobacco
and had never felt the effect of intox-
icating liquor.

He had, however, confessed a weakness
for patent breakfast foods. He said he
was never happier than when sampling
new cereal "muesli" variety and it was
these foods to the exclusion of all
other.

The funeral will be conducted this
morning at the Baptist Church in Saw-
telle. The remains will be buried in
Oaklawn Cemetery, Santa Monica.

Beware of Heavy Coffee.
A German review contains an arti-
cle by Bertalloni on a new adulteration
of coffee. The coffee is adulterated
with a 5 per cent. solution of
sugar, and then left to dry. The bo-
ttles make them shine, and absorb
the moisture, thus adding to the weight
of coffee. The way to discover this
fraud is to dry the coffee, if it loses 4 per cent. of its weight
it has been fraudulently adulterated
with sugar.—London Globe.

WOMEN'S WOES

Many of the daily woes of woman-
hood are, due to sick kidneys; but so
many women fail to recognize kidney
trouble when they have it, and kidney
diseases are fatal if neglected too long.
When a woman's back aches from
morning to night—
When she feels worn out after every
bit of work she has to do—
When she cannot bend or stoop
without suffering twinges of pain—
When she has constant headaches,
dizzy spells, bearing-down pains and
urinary troubles—
When she has any or all of these
ailments it is a sure sign that the kid-
neys are not doing their duty. Uric
acid and other poisons that the kid-
neys should filter out of the blood are
carrying disease into every part of the
system.
Recognize this as a danger signal.
Recognize the kidneys as the cause of
your many aches and pains, and to
cure the kidneys use a kidney medi-
cine.
Doan's Kidney Pills cure sick kid-
neys and cure them permanently. The
kidneys begin to do their work prop-
erly, and pure blood, the greatest sys-
tem regulator, restores the whole body
to health and strength.

Don't Neglect the Kidneys. At the First Indication of Kidney Trouble
Begin Using Doan's Kidney Pills, a Modern Kidney Specific which
has cured Thousands of People Right Here at Home.

LOS ANGELES TESTIMONY
Mrs. A. L. Miller of 1008 East Ninth
street says: "I have had attacks of
backache for the past four years. None
of them ever laid me up, but some-
times they were more severe than
others, and I cannot describe the pain
that I went through. After reading an
advertisement about Doan's Kidney
Pills I came to the conclusion that in-
asmuch as they did not claim to cure
every disease on the calendar they
might be some good, so I went to
Doan's drug store and got a box. I
used it and the pills positively stopped
the attack of backache."
Kidney diseases cause more deaths
than any other human affliction. This
is because they come on so silently,
and are, therefore, neglected.
When the kidneys are well, they re-
move from the body every day nearly
one ounce of uric acid and other poi-
sonous waste.
When the kidneys are sick, this poi-
son is carried by the blood to every
part of the body. It causes rheuma-
tism, gout, neuralgia, sciatica, gravel,
stone in the kidneys, heart disease, in-
digestion, diabetes and Bright's Dis-
ease.
Doan's Kidney Pills act promptly
and give complete relief, because their
influence is exerted directly upon the
diseased tissues. This medicine has
been curing sick kidneys for seventy-
two years.

Tired, Nervous Mothers

Make Unhappy Homes—Their Condition Irritates
Both Husband and Children—How Thousands
of Mothers Have Been Saved From Nervous
Prostration and Made Strong and Well.

Mrs. Chester Curry

Mrs. Chas. F. Brown

A nervous, irritable mother, often on
the verge of hysterics, is unfit to care
for children; it ruins a child's disposi-
tion and reacts upon herself. The
trouble between children and their
mothers too often is due to the fact
that the mother has some female weak-
ness, and she is entirely unfit to bear
the strain upon her nerves that govern-
ing children involves; it is impossible
for her to be anything calmly.
The ill of women act like a firebrand
upon the nerves, consequently nine-
tenths of the nervous prostration, ner-
vous despondency, "the blues," sleep-
lessness, and nervous irritability of
women arise from some derangement
of the female organism.
Do you experience fits of depression
with restlessness, alternating with
extreme irritability? Are your spirits
easily affected, so that one minute you
laugh, and the next minute you feel
like crying?
Do you feel something like a ball
rising in your throat, and threatening to
choke you? All the senses overworked,
morbidly sensitive to light and sound;
pain in the ovaries, and especially
between the shoulders; bearing down
pains; nervous dyspepsia, and almost
continually cross and snappy?
If so, your nerves are in a shattered
condition, and you are threatened with
nervous prostration.
Proof is monumental that nothing in
the world is better for nervous prostra-
tion than Lydia E. Pinkham's Vegeta-
ble Compound; thousands and thou-
sands of women testify to this fact.
Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills.

FRIDAY'S SURPRISES

WE

have not been saying anything about a pre-inventory sale nor do we know that we will advertise any post-inventory sale as such but the fact is that we completed our annual inventory Tuesday and naturally every article in stock was inspected and measured and as was to be expected a number of odd lots and short lines were uncovered which through one reason and another had not been included in previous Friday Surprise offerings. In the aggregate these odd lots are a large amount and represent thousands of dollars but regardless of what they cost us, we are going to offer them to you at prices you will be willing to pay and that will remain in your memory for a long time as unexcelled bargains. There are a great many lines of limited quantity that will not be advertised yet they are equally as great values as those embraced in this page ad so "Friday Surprises" this week means a great deal more than usual.
